Diversified Service Options of Florida to Acquire Highmark Medicare Services
Will Expand Medicare Operations

Jacksonville, FL (Dec. 8, 2011)—Diversified Service Options (DSO), a wholly-owned subsidiary of Blue Cross and Blue Shield of Florida Inc. and the holding company for First Coast Service Options (FCSO), announces its agreement to acquire Highmark Medicare Services Inc. (HMS), a subsidiary of Highmark Inc. of Pittsburgh, Pa.

“HMS is an outstanding organization, and we are proud to have the opportunity to welcome the company to our DSO family. Both FCSO and HMS have excellent reputations in the government-sponsored health care industry,” stated Sandy Coston, chief executive officer of DSO and FCSO. “This acquisition will allow DSO to dramatically increase our business volume which will be of great benefit in providing more cost-effective services for our Medicare claims administration business. We expect both FCSO and HMS to continue to deliver high quality services to which our customers are accustomed.”

Both HMS and FCSO will continue to operate as separate, independent organizations, as wholly-owned DSO subsidiaries.

HMS holds the Medicare Administrative Contractor (MAC) contract for Jurisdiction 12 (J12), which is comprised of Pennsylvania, New Jersey, Maryland, Delaware and the District of Columbia. When combined with FCSO’s existing MAC J9 contract, which includes Florida, Puerto Rico and the U.S. Virgin Islands, the two DSO companies will serve Medicare beneficiaries in five states, two U.S. territories, and the District.

“This is certainly a big change for the HMS organization, but one that will be very positive for the company and our employees,” said Patrick Kiley, president of HMS. “In the long-term we will continue to look to grow our government business.”

“This change was prompted by Highmark’s provider strategy,” said David O’Brien, executive vice president at Highmark Inc. “The decision was a difficult one but one which best positions HMS to maintain its current business and pursue its government business growth strategy.”

The acquisition is expected to close on or about Jan. 1, 2012.

About Diversified Services Options

Diversified Service Options (DSO), headquartered in Jacksonville, Fla., is a holding company, wholly-owned by Blue Cross and Blue Shield of Florida (BCBSF). DSO was created in 1998 to address the company’s long-term government business strategies. It was established as a holding company for fee-for-service government health care companies, which today includes First Coast Service Options, Inc., (FCSO) an administrative services company for government-sponsored health care programs and the current Medicare Administrative Contractor (MAC) for Jurisdiction 9 (J9). DSO is also a fifty percent owner of TriCenturion, Inc., a Program Safeguard Contractor (PSC) under contract with the Centers for Medicare & Medicaid Services (CMS) to perform selected Medicare program integrity tasks.

About First Coast Service Options

FCSO is an administrative services processor for government-sponsored health care programs such as Medicare and Medicaid. Services include claims processing, customer service, appeals adjudication, education and outreach activities and functions that help promote the integrity of Medicare program payments. FCSO has more than 1,000 employees at the company’s headquarters in Jacksonville, Fla., and in field offices in Miami; Orlando; Tampa; Columbus, Ga.; and Camarillo, Calif. FCSO is the current Medicare Administrative Services Contractor for MAC J-9, awarded by CMS. For more information concerning FCSO, please see www.fcsso.com.
